

Equality For ALL!

Gay people demand full equal rights.

**Lesbian, gay, bi and trans people are not citizens in the United States.
Citizens, by definition, have equal rights.**

- ◆ Eighteen states have now passed constitutional amendments banning equal marriage rights for our community, and thus branding us as non-citizens. More states, including Wisconsin and Indiana, may fall soon.
- ◆ Not since the days of legalized segregation have states passed constitutional amendments branding entire communities as non-citizens. This vicious racism was partially dismantled only thanks to the massive outpouring of people into the streets of the nation through the great Civil Rights Movement of the 1950's and '60's.
- ◆ With all three branches of the federal government increasingly hostile to LGBT rights, we urgently need such a movement today. Please help us take the first steps towards building such a movement at the 7th Annual

Important Note: This item is designed to produce an 11" x 17" poster. That is why the margins appear "wrong." To produce the 11" x 17" poster, simply put this in a copier and set the "enlarge" function to 155% and set the paper size to "ledger." Voila--you get an 11" x 17" poster. (Please note that if your copier is one of the handful on the market that has an automatic image centering mechanism, this default needs to be disabled in order to print the poster)
